

The site plan illustrates the layout of the Zhongyuan Residential Community. It features several residential buildings arranged around a central area. Key elements include:

- Entrance:** A main entrance labeled "人行出入口" (Pedestrian Entrance) at the top center.
- Landscaping:** Areas designated as "公园绿地" (Park Green Space) are located along the top and right boundaries.
- Infrastructure:** A "公共门架交通" (Public Gate Traffic) structure is shown near the entrance, and a "中高层垃圾站" (Medium-High Rise Waste Station) is located in the lower central part.
- Building Details:** Individual buildings are labeled with their names (e.g., "住宅楼①", "住宅楼②") and floor counts (e.g., "6F", "7F").
- Other Features:** The plan also shows "多层建筑红线" (Multi-story Building Red Line), "车库及一层临街线" (Garage and First-floor Street Front Line), and various utility lines like "给水" (Water Supply) and "排水" (Drainage).
